

International Electric Machines & Drives Conference  
Houston, TX May 18 - 21, 2025

# CALL FOR PAPERS

## Important Dates

**November 17, 2024**

Digest submission will remain open until this date

**January 27, 2025**

Digest acceptance notification

**March 31, 2025**

Final submission of accepted papers

&

End of early registration at reduced rates

### General Chair:

**Yao Duan**

*Toshiba International, USA*

### Technical Program Chairs:

**Jiangbiao He**

*University of Kentucky, USA*

**Guang-Jin Li**

*The University of Sheffield, UK*

**Malcolm McCulloch**

*Oxford University, UK*

**Vandana Rallabandi**

*Oak Ridge National Lab, USA*

**Pinjia Zhang**

*Tsinghua University, China*

**The 15th IEEE International Electric Machines and Drives Conference (IEMDC) will be held May 18-21, 2025 in Houston, TX. IEMDC provides a forum to share technology advances and new developments in design, operation, analysis and applications of electric machines and drives.**

The conference program will include plenary sessions with invited speakers, oral & poster technical sessions for papers describing original and previously unpublished work, tutorials, and exhibits. Contributions are invited from industry, academia and other sectors. Accepted and presented papers will be published in the Conference Proceedings, and will be submitted to the IEEE Xplore® digital library. Papers presented at IEMDC may be submitted to IEEE Transactions on Industry Applications, IEEE Transactions on Energy Conversion, IEEE Transactions on Industrial Electronics, or IEEE Transactions on Power Electronics, according to the rules specific to each journal.

Technical papers, tutorials, and special sessions are solicited on subjects related to the scope of the conference including but not limited to the following topics:

- Rotating Electric Machines
- Electric Drives
- Special Machines, Electromagnetic Actuators and Sensors
- Thermal, Materials and Efficiency Issues
- Design Optimization, Modelling and Simulation
- Condition Monitoring, Fault Diagnosis and Prognosis
- Transportation Applications
- Energy and Grid-Connected Applications

Please check <https://www.iemdc.org/> for more detailed guidelines regarding digest preparation and submission.
